Secondary Plan Industrial

It is the intent of this Plan to provide opportunities for the expansion of existing industry and the stimulation of new industrial growth. To this end, the Plan promotes infilling and redevelopment within established industrial districts in the Built-up Area, as well as the progressive development of lands within the Greenfield Area for new industry and employment uses.

In accommodating the changing needs of industry and business growth trends, emphasis will be placed on improved aesthetics and environmental quality, including measures which will safeguard the integrity of adjacent land uses. The proximity of employment uses to residential and other uses is, however, critical in the future growth of the City as a complete community.

The contribution of industry to employment and economic growth and diversity is clearly recognized in this Plan. In order to maintain a strong and competitive industrial resource base, programs which provide for the enhancement of industrial districts and the attraction of new firms will be pursued.*

* Please refer to the Niagara Falls Official Plan for complete comprehensive information.

Location Overview

Niagara Falls is the second largest city in the Niagara Region and home to large commercial nodes as well as industry.

The city is connected to the U.S. side of the falls by several bridges, including the Rainbow, Whirlpool, and Queenston-Lewiston bridges. Principal manufactures include processed food, abrasives, chemicals, automotive parts, metal and paper goods, and wines and alcoholic beverages. Logistics, i.e. storage and warehousing and information technology/ call centres are also important to the city's economy.*

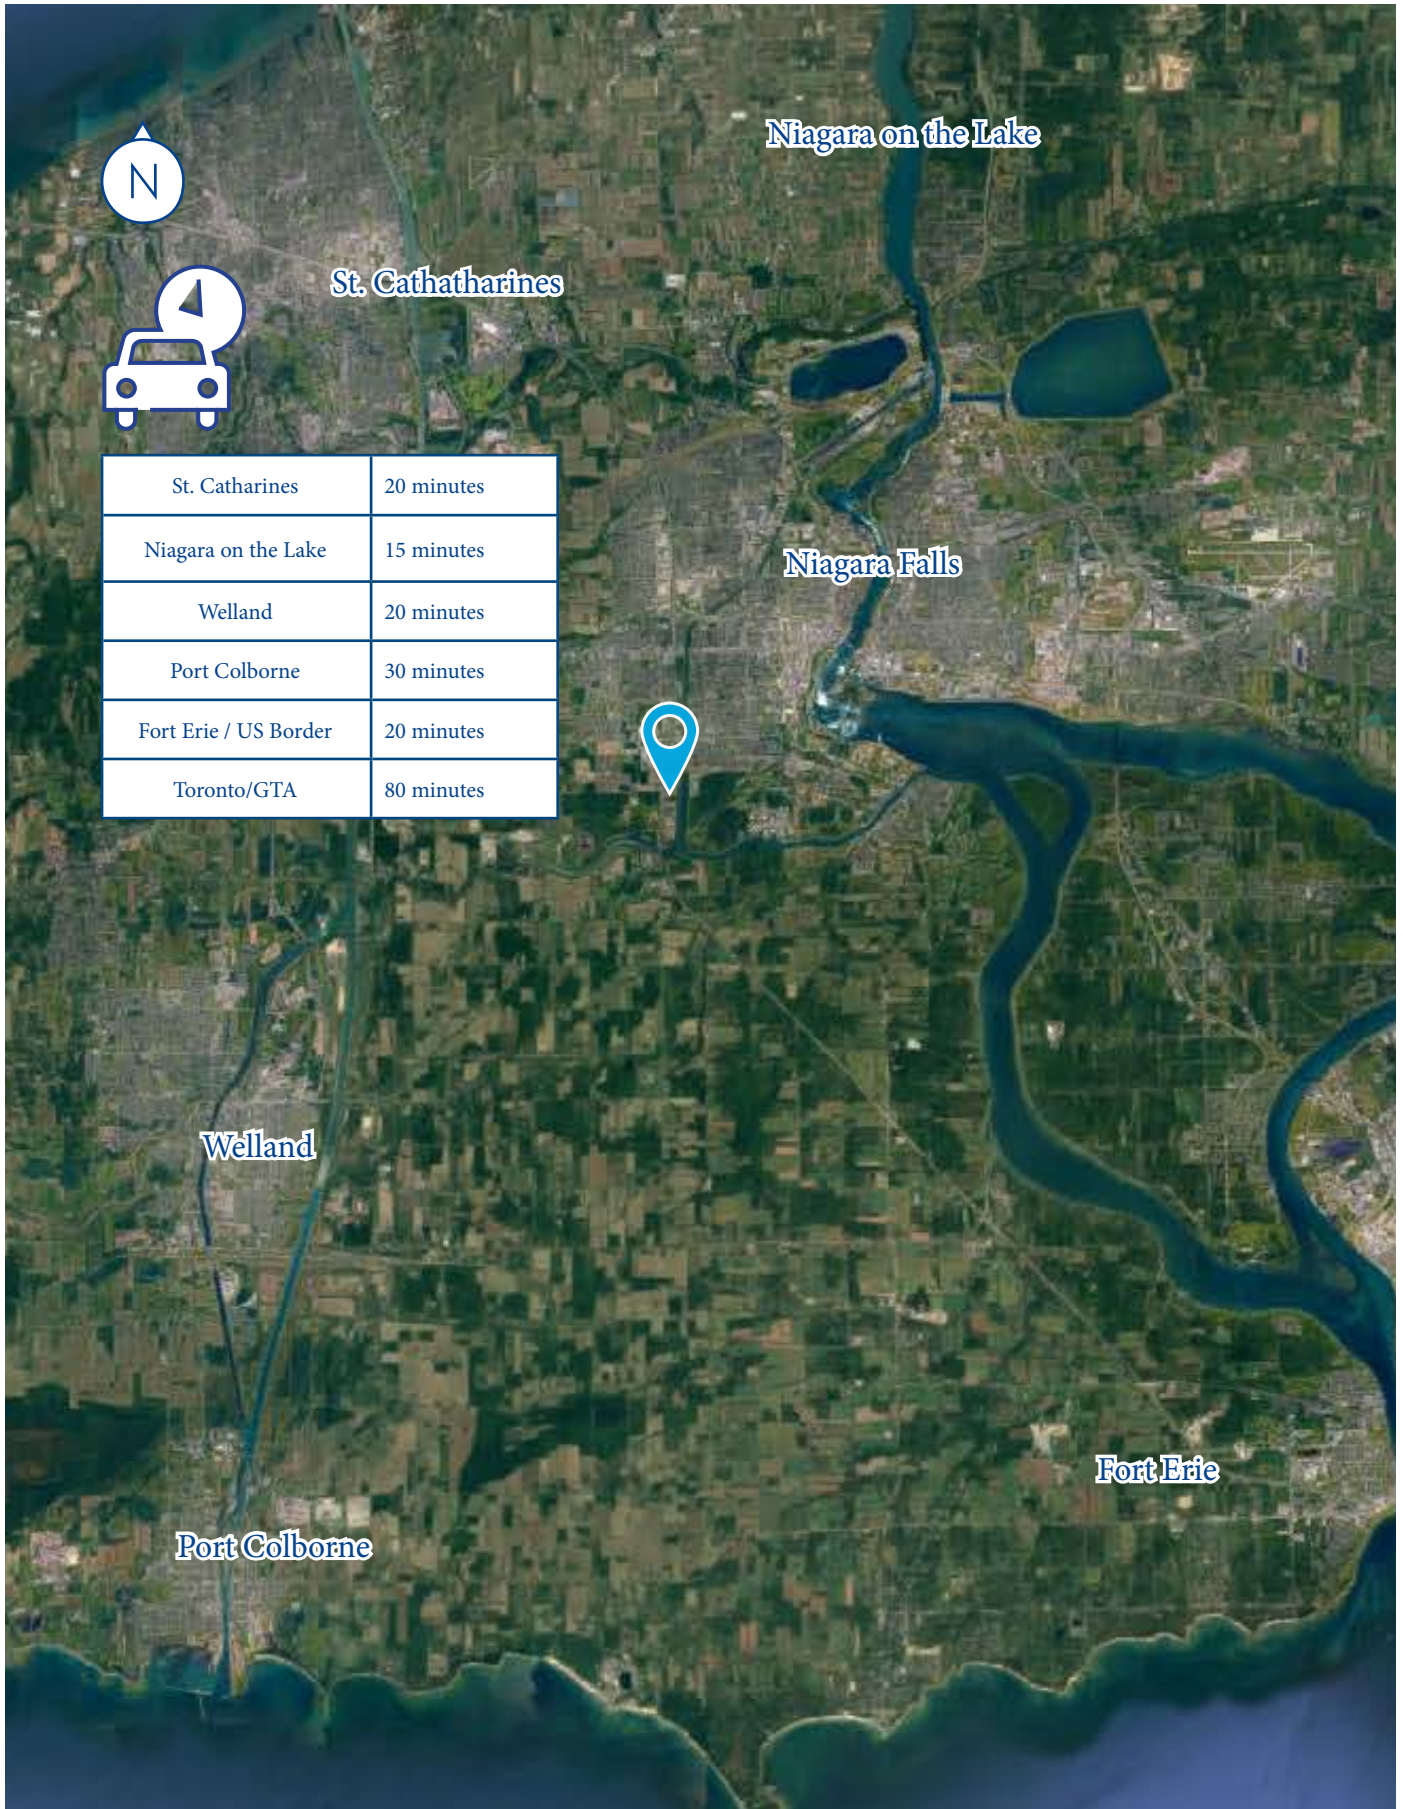

8066 Oakwood Dr. is in the center of an Industrial pocket in south Niagara Falls flanked by the QEW and the Welland River.

Just north of the Property, also with QEW exposure, is Niagara Falls largest commercial node, home to SmartCentres, Walmart, Costco, Winners and Lowe's.

The Industrial area of which the Property is a part, is currently home to Kia and Nissan car dealerships, Sunbelt Equipment Rentals, Atlas Body Shop and Towing Group, Revelation Welding and Modern Mosaic, a manufacturer and installer of eco-friendly architectural and structural precast concrete.

8066 Oakwood Dr. is an excellent opportunity to become a part of this south Niagara Falls industrial community.
